research

the juvenile tradition covers the late 18th and early 19th century drawing on the history of childhood and child studies along with reception study and audience history to recast literary history

alexander and dindimus is an anonymous alliterative poem which tells the fictitious epistolary exchange between alexander the great and dindimus king of the bragmans it is acknowledged to be one of the earliest poems belonging to the alliterative revival derived from the historia de preliis alexandri magni its sole witness is extant in oxford bodleian library ms bodley 264 a lavishly illustrated miscellany containing french texts dealing with the alexander legend the manuscript is one of the clearest examples of multilingual codices that were produced and circulated in england in the late middle ages it is probable that the compiler conceived alexander and dindimus as a moral and edifying complement to the french chivalric romances present in the first part of the manuscript the introduction includes an up to date study of the text with a focus on its codicological linguistic and metrical features in particular it explores relationships between the text of alexander and dindimus and the nine accompanying illustrations which are reproduced in the edited text it includes also an analysis of the latin source for the text the edition is supported by a commentary and glossary

seminar paper from the year 2016 in the subject medicine history grade a course independent research 709 language english abstract this research paper explains what the ebola virus diseases evd is about and accounts of its history centering on policy and administrative measures to tackle the evd in elucidating details of the evd the research paper narrates aspects of when the virus was incepted in history and the origins of the virus it also assesses controversies behind the origin of the virus and gives a conclusion that wild animals of unspecified type are the origin its origin is unspecified given the fact that various wild animals are considered to be the root causes either as a contact or as food resources added the paper details how the ebola virus diseases of 2014 expanded beyond geographical barriers and affected huge numbers of people breaking the overall records in history and surpassing the overall past occurrences together in magnitude and scope the plague with such magnitude has shattered the capacity of western african countries to contain it and put into question the ability of the world health organization who and the global community be that as it may the collective participation of the global community has brought the plague into a defeat the plague has been contained with the diverse role played by the international community ingos who the un and the host west african countries of guinea liberia and sierra leone guinea liberia and sierra leone have used different administrative and policy mechanisms to contain the ebola virus disease of the 2014 the 2014 ebola crisis could not have been contained without those administrative and policy addressees that the host countries have designed and implemented the un who and ingos have also collaborated in containing the plagues with diverse administrative and policy issues besides providing

resources to avert the farther expansion of the plague and its huge impact on security in its border term among which failure of investing on health facilities in west africa was unprecedented the research has finally drawn a recommendation and a conclusion

this volume tries to tackle the most serious problem facing modern alexander the great studies that of inadequate sources its principal interest is in surviving ancient continuous accounts diodorus curtius rufus plutarch arrian and justin which are at least three hundred years younger than alexander and in many ways one sided in their greek bias often promoting the view of alexander within the narrow bounds of a western conqueror the papers in this volume deconstruct these accounts and search for sources used by their authors principally in narrative of eye witnesses and other authors of the first generation after alexander including his court historian callisthenes and his companions onesicritus aristobulus and ptolemy they search for fragments of ancient literary works known from papyri and for shadowy accounts created on the persian side like the mercenaries source some papers look into propaganda patterns of the age of alexander and their connections with cliches of egyptian literature some investigate a parallel tradition on the last will of alexander enshrined in i maccabees and best known from the alexander romance finally papers in this volume examine post classical rendition of alexander jewish from the talmud to josippon and byzantine composed of separate textual traditions of various ancient authors with plutarch taking pride of place

in this monograph for the first time results of systematic studies of cytoplasmic syncytial connections in the vertebrate and invertebrate nervous system are presented it has been shown that in the nervous system apart from chemical synapses and electrical membranous contacts the third type of interneuronal communications exists the cytoplasmic syncytial connection absolute criteria are developed which allow revealing syncytial connections in light microscopy preparations and in tissue culture plexuses as well as in electron microscopy investigations for the first time the method of artificial syncytial fusion of mass of living neurons in experiment was developed it was shown that neurons like cells of all other types are capable for the enucleation with formation of karyoplasts and cytoplasts this book is of interest to neurophysiologists neuromorphologists and neuropathologists as well as to lecturers in the corresponding general courses about the neuron
